Dr. Staci Chantelle Paletta Joins Southeast Orthodontics

(*Brockton, MA*) - Dr. Staci Paletta has been named the newest Orthodontic Associate at Southeast Orthodontics, a respected provider of orthodontic care to adults, adolescents and children with two offices in Raynham and Brockton, MA.

Southeast Orthodontics was established in 2003 by Drs. Molyneaux Mathews and Brian Gaudreault. It grew out of the successful practice of Dr. Mathews that started in 1977 at the Brockton location and expanded to Raynham in 1990. Dr. Mathews retired in 2007 and Dr. Gaudreault became President of Southeast Orthodontics, Inc.

Since Dr. Mathews' retirement, Dr. Gaudreault has continued to provide exceptional orthodontic care at both of his South Shore locations. The steady growth of his two practices has resulted in the addition of a new associate, Dr. Staci Paletta. "We are excited to bring Dr. Paletta on board as she brings exceptional clinical skills and experience to our practice," stated Dr. Gaudreault. "Our patients and colleagues will benefit from the same treatment philosophy and commitment to technological advances with regards to treatment and practice management as the practice continues to grow."

Dr. Staci Paletta attended Adelphi University for her undergraduate studies where she majored in Biology and graduated Magna Cum Laude. She continued her graduate studies at the University of Connecticut School of Dental Medicine, achieving her Doctor of Dental Sciences degree. Following dental school, she completed her general practice residency at Carolinas Medical Center in Charlotte, North Carolina. She then attended the University of Detroit Mercy School of Dentistry, receiving her master's degree in orthodontics.

Dr. Paletta will join an experienced orthodontic team consisting of 10 staff members. When asked what she enjoys most about her profession, Dr. Paletta said, "I enjoy watching a patient's self-confidence grow as we help them to attain a beautiful, healthy smile that will last a lifetime."

Dr. Paletta has been practicing orthodontics since June of 2004. She began her career in Central New York and then moved to North Kingston, Rhode Island in 2005. She is a member of the American Association of Orthodontists, American Dental Association and Rhode Island Dental Association. She enjoys keeping up with the latest advances in orthodontic technology through a lifelong commitment to continuing education.

Dr. Paletta is married with three children and lives in Rhode Island. In her spare time she enjoys exercise, reading and yoga.

Southeast Orthodontics is a longtime respected provider of orthodontic care to adults, adolescents and children in the Raynham and Brockton areas. The practice is committed to providing local communities with the highest quality orthodontic care, in a friendly, caring and comfortable atmosphere.
